| In this survey we are going to show you several words that make up an analogy. There will be a blank
| word at the end of the series that completes the analogy and we would like you to type what word goes
| in the blank. For example, if you see the words "Cat is to Dog as Kitten is to BLANK", then you
| would simply enter the reply of "puppy". Some of the problems may be easy but others may be hard.
| Just do the best you can. There is no credit for answering quickly - it is more important to answer
| the item correctly, but it is okay if you do not know the answer because some of the items are
| intended to be very difficult. You can go on to the next item at any time. Ready to begin?
