## **Q2\_intro** q2 intro

In the following section, we list goals that some people think are important for communities in the U.S. For each, indicate whether you think it should be a top priority, important but not a top priority, or not a priority at all for communities. In these statements, when we refer to ‘communities’, we mean all communities not just your own.

## **Q2** Q2

Should the following be a top priority, important but not a top priority, or not a priority at all for communities? Making sure that the disadvantaged have an equal opportunity to be healthy.

- 1 Top priority
- 2 Important but not top
- 3 Not a priority at all

## **Q3** Q3

Should the following be a top priority, important but not a top priority, or not a priority at all for communities? Making sure that healthy foods are for sale at affordable prices in communities where they are not.

- 1 Top priority
- 2 Important but not top
- 3 Not a priority at all

## **Q4** Q4

Should the following be a top priority, important but not a top priority, or not a priority at all for communities? Making sure that there are safe, outdoor places to walk and be physically active in communities where there aren’t any.

- 1 Top priority
- 2 Important but not top
- 3 Not a priority at all

## **Q5** Q5

Should the following be a top priority, important but not a top priority, or not a priority at all for communities? Making sure that there is decent housing available for everyone who needs it.

- 1 Top priority
- 2 Important but not top
- 3 Not a priority at all
