## Q4_eligible

Congratulations! You are eligible to complete the remainder of the survey and earn an additional $\$ 15$, for a total of $\$ 20$.

## intro_thinking

The following questions ask about your thinking abilities.

For each question, you should only indicate a limitation in your abilities if it hinders your daily life compared to most other people.

## Q5

[Not required]

For how long can you focus your attention?
Only select the second or third option if you are severely limited because of a psychiatric, neurological, or developmental disorder.

O I can focus my attention on a single source of information (an item, person, or event) for at least 30 minutes (1)
O I can focus on a single source of information for longer than 5 minutes, but less than 30 minutes (2)
O I am unable to focus on a single source of information for 5 minutes (3)

## Q6

[Not required]
How well are you able to do multiple things at once?
Only select the second or third option if you are severely limited because of a psychiatric, neurological, or developmental disorder.

O I can do multiple tasks at the same time (for example, drive a car in busy traffic) (1)
O I have great difficulty with doing a task if there are other demands on my attention (for example, I cannot drive in busy traffic, but I can travel by bus in an urban area) (2)
O I am not capable of doing more than one task at a time (3)

## Q7

[Not required]
Which of the following best describes your memory?
Only select the second or third option if you are severely limited because of a psychiatric, neurological, or developmental disorder.

O I can usually remember routine daily activities without difficulty; sometimes I use lists and reminders to help (1)
O I cannot remember or complete ANY routine daily activities without lists or reminders (2)
O I cannot remember what I need to do each day, even if I use a list or reminder (3)

## Q8

## [Not required]

Which of the following best describes how well you are able to estimate your abilities and limitations?
Only select the second or third option if you are severely limited because of a psychiatric, neurological, or developmental disorder.

O I can usually correctly guess whether my abilities will allow me to do a specific task (1)
O Often, I feel certain that I CAN do a particular task, but when I attempt the task it turns out that I'm not able to do it (2) O Often, I feel certain that I CANNOT do a particular task, but others tell me they think I can do it (3)

## Q9

[Not required]
Are you able to plan and do simple, routine daily activities? (such as getting out of bed at the correct time, preparing meals, arriving on time to appointments)

Only select the second option if you are severely limited because of a psychiatric, neurological, or developmental disorder.

O I can perform routine activities by myself without any difficulty (1)

O I have difficulties with planning and doing simple activities (2)

## Q9a

What difficulties do you have with planning and doing simple, routine activities? Check all that apply.
I cannot correctly estimate how long it will take to do something. (1)
I am not able to prioritize important tasks, and often don't finish them. (2)
I am not able to adequately monitor the progress of my activities (for example, after putting clothes in the washing machine, I forget about them for a long time) (3)
I am not able to stop activities when I should (for example, I keep doing them when they are not working or no longer necessary) (4)
I have other difficulties with planning and doing simple activities: (5) $\qquad$ [Other]
