(MS563) COVID-19 EMPLOYMENT SURVEYS [NSF WAVE 3]

Survey_intro

Thank you for participating in this survey. It is the third in a series of surveys that you will be asked to complete, focused on the current coronavirus (COVID-19) pandemic. Each of these surveys will be conducted on the ALP. Occasionally over the next few months, we will ask you to complete a short survey about your thoughts and experiences to help us better understand how your economic and emotional well-being is changing over time. Your responses are very important to us, as is your willingness to continue to regularly complete these surveys. We are only interested in your perspective – there are no right or wrong answers to any of these questions. If you are uncertain about the answer to a question, please give your best estimate. Please click "Next" to continue.
