This questionnaire is part of our study about the health and economic well-being of the American people. On [time frame reference] you participated in a survey where we asked you questions related to your health and your household's financial well-being, especially with respect to the financial crisis. In the survey you are about to begin we will ask you to update the information that you provided at the time. Several questions will therefore begin with the phrase 'since [time frame reference]' as we try to find out what happened since.

We hope that you will find this questionnaire interesting. The average time to complete this survey is between 15 and 20 minutes. You will receive \$15 for completing the survey. We understand that some of these questions are of a personal nature. Please remember that your answers are extremely important to us. Your participation is voluntary and you may skip over any questions that you would prefer not to answer. Your responses are confidential, and it helps us a great deal if you respond as completely, honestly and accurately as possible.

Thank you for your participation!
