

Well Being 77

C1 might get sick from swine flu

How concerned are you that you might get sick from H1N1 (swine) flu?

- 1 Very concerned
- 2 Somewhat concerned
- 3 Not very concerned
- 4 Not at all concerned

[Questions O8 to O8_other are displayed as a table]

O8 information

Where do you get most of your information on H1N1 (swine) flu? Please check all that apply.

- 1 Directly from the CDC (like from their website)
- 2 Internet
- 3 TV
- 4 Radio
- 5 Telephone
- 6 Doctor or other healthcare provider
- 7 Personal communication
- 8 Other, please specify:
- 9 None

O8_other other

String

O3 avoid large groups

To what extent do you avoid large groups and contact with others because of concerns about H1N1 (swine) flu?

- 1 A great deal
- 2 Somewhat
- 3 Not much
- 4 Not at all

O6 government ready to deal with pandemic

To what extent do you think that the U.S. government is ready to deal with an H1N1 (swine) flu pandemic?

- 1 Completely
- 2 Mostly
- 3 Somewhat
- 4 A little
- 5 Not at all

IF random number for set = 1 THEN

|
| **K1_1** touching objects

| You cannot catch the flu by touching objects that an infected person has touched.

- | 1 True
- | 2 False

|
| **K2_1** symptoms

| You may have the H1N1 (swine) flu virus for one to four days before getting symptoms of the

| flu.

| 1 True

| 2 False

| **K3_1** mutate

| Influenza viruses mutate frequently, so the current virus may change.

| 1 True

| 2 False

ELSE

| **K1_2** hand washing

| Regular hand washing is one of the best ways to protect yourself against H1N1 (swine) flu.

| 1 True

| 2 False

| **K2_2** contagious

| People with H1N1 (swine) flu are only contagious when they have symptoms.

| 1 True

| 2 False

| **K3_2** pandemic

| If the H1N1 (swine) flu spreads around the world as a pandemic, it may come back in a second wave during the fall.

| 1 True

| 2 False

ENDIF

percent_chance_intro percent chance intro

Now we will ask you some questions about future behaviors and uncertain outcomes. In each case, try to think about the whole range of possibilities and think about how likely they are to occur. In these questions, we will ask you about the percent chance of something happening. The percent chance must be a number from 0 to 100. You can also give numbers after the decimal point. Here are some descriptions corresponding to different chances of something happening:

Absolutely will not happen = 0 % chance A very
small chance = Less than 1% chance A small chance = 2 to 15 % chance
A reasonable chance = 15 to 40 % chance A
pretty even chance = 40 to 60% chance A big chance = 60 to 85 % chance
A very big chance = 85 to 98 % chance Almost
certain = More than 99% chance Absolutely certain = 100% chance You
can also think of percent chance as the number of times something happens out of 100.

C2 get vaccine

If a vaccine becomes available for the H1N1 (swine) flu this fall, what are the chances that you would get the vaccine?

Long

C3 get swine flu next month

What do you think are the chances that you will get H1N1 (swine) flu in the next month?

Long

IF get swine flu next month >= and get swine flu next month <= 1 THEN

|
| **C3_extra** get swine flu next month extra
| We would like to get extra information about the last question. What do you think are the
| chances that you will get H1N1 (swine) flu in the next month?
| 1 0%
| 2 More than 0% and less than or equal to .001% (1/100,000)
| 3 More than .001% (1/100,000) and less than or equal to .01% (1/10,000)
| 4 More than .01% (1/10,000) and less than or equal to .1% (1/1,000)
| 5 More than .1% (1/1,000) and less than or equal to 1% (1/100)
| 6 1%
|
ENDIF

C4 die from swine flu
If you do catch H1N1 (swine) flu, what do you think are the chances that you will die from it?
Long

IF die from swine flu >= and die from swine flu <= 1 THEN

|
| **C4_extra** die from swine flu extra
| We would like to get extra information about the last question. If you do catch H1N1 (swine)
| flu, what do you think are the chances that you will die from it?
| 1 0%
| 2 More than 0% and less than or equal to .001% (1/100,000)
| 3 More than .001% (1/100,000) and less than or equal to .01% (1/10,000)
| 4 More than .01% (1/10,000) and less than or equal to .1% (1/1,000)
| 5 More than .1% (1/1,000) and less than or equal to 1% (1/100)
| 6 1%
|
ENDIF

O9 stay home from work
If they closed schools in your area because of H1N1 (swine) flu, what are the chances that you
would stay home from work?
Long

CS_001 HOW PLEASANT INTERVIEW
Could you tell us how interesting or uninteresting you found the questions in this interview?
1 Very interesting
2 Interesting
3 Neither interesting nor uninteresting
4 Uninteresting
5 Very uninteresting
