

Well Being 86

intro intro

In this survey we will be asking you to describe some of your friends and acquaintances, specifically those with whom you have discussed financial matters. For example, we are interested in knowing who you would talk to or have talked to in the past when considering obtaining or paying for a mortgage, deciding how to invest your money for retirement and/or considering taking out a loan for a large purchase. We are also interested in knowing about those people to whom you have given a loan or from whom you have received a loan. Please note that we will NOT attempt to contact anyone you list, and you are welcome to refer to them by any name you feel comfortable, including a nickname. You will receive \$5 for completing the survey.

[The following questions are displayed as a table]

alter_intro specific intro alter questions

Who are the people with whom you discuss financial matters? Please include people who you have given a loan to or received a loan from. (Please do not list financial professionals unless you would interact with them in non-professional settings.) Please enter the first name and last name initial or your nickname for each of these people in the boxes below. You can mention up to 5 names in any order you like. It is important that each box only contains the name of one person. In the next few questions you will be asked to provide some additional information for the people you list.
