**PA001_Intro** HOW MANY BANK ACCOUNTS INTRO
Now we're going to ask you about your checking and savings accounts. Checking accounts allow you to make payments or withdrawals as often as necessary using checks, debit or ATM cards, or online payments. Some checking accounts pay interest on deposits and may be called money market checking accounts. Savings accounts allow only a limited number of payments, withdrawals, or transfers. Savings accounts pay interest on deposits that is usually higher than interest-bearing checking accounts. Examples include traditional savings accounts, money market savings accounts, Christmas Club accounts, and Coverdell or 529 education accounts. When answering the questions, please keep the following in mind: If you are married or living with a partner, please report all accounts of your own and all accounts held jointly with your spouse or partner, but not any accounts held only by your spouse or partner. If you own or operate a business, please do not report accounts used for business purposes only. Enter "0" if you have no accounts of the indicated type. How many accounts do you have at any financial institution, including banks, credit unions, brokerages, or investment firms? Do not include deposits held at online services such as PayPal.
