IF randomizer for cog econ sections = 1 THEN

| **vA_intro** verbal analogies intro

| In this survey we are going to show you several words that make up an analogy. There will be a blank word at the end of the series that completes the analogy and we would like you to type what word goes in the blank. For example, if you see the words "Cat is to Dog as Kitten is to BLANK", then you would simply enter the reply of "puppy". Some of the problems may be easy but others may be hard. Just do the best you can. There is no credit for answering quickly - it is more important to answer the item correctly, but it is okay if you do not know the answer because some of the items are intended to be very difficult. You can go on to the next item at any time. Ready to begin?

| **vA1** verbal analogies A1

| Please complete the analogy. function notify() { var t1=setTimeout("confirm('Instead of working on this longer, would you like to move on to the next item? Please click Yes (OK) or No (Cancel)')",600); if(t1){ var t2=setTimeout("alert('Please just make a guess?')",600); if(t2){ setTimeout("alert ('Please click next to go to the next item...",600); } } if(!t1){ t2=setTimeout("alert('Please click next to go to the next item')",600); } } window.onload=notify;

| The notion of thinking abstractly is appealing to me.
| 1 Very accurate
| 2 Accurate
| 3 Equally accurate/inaccurate
| 4 Inaccurate
| 5 Very inaccurate
|

| **vA_intro** verbal analogies intro

| In this survey we are going to show you several words that make up an analogy. There will be a
| blank word at the end of the series that completes the analogy and we would like you to type what
| word goes in the blank. For example, if you see the words "Cat is to Dog as Kitten is to
| BLANK", then you would simply enter the reply of "puppy". Some of the problems may be easy but
| others may be hard. Just do the best you can. There is no credit for answering quickly - it is
| more important to answer the item correctly, but it is okay if you do not know the answer because
| some of the items are intended to be very difficult. You can go on to the next item at any time.
| Ready to begin?

| **vA1** verbal analogies A1

| Please complete the analogy. function notify() { var t1=setTimeout("confirm('Instead of
| working on this longer, would you like to move on to the next item? Please click Yes (OK) or No
| (Cancel)')",600); if(t1){ var t2=setTimeout("alert('Please just make a guess?')",600);
| if(t2){ setTimeout("alert ('Please click next to go to the next item...",600); } }

| pB_Intro picture vocabulary intro
| We're now going to show you several pictures and we want you to type the name of the object in the
| picture. For example, if we showed you a picture of any kind of CAR, you would just say the
| word "CAR" If you say FORD we will ask you to clarify your answer. Some of the
| problems may be easy but others may be hard. Just do the best you can. There is no credit for
| answering quickly - it is more important to answer the item correctly, but it is OK if you do not
| know the answer because some of the items are intended to be very difficult. You can go on to the
| next item at any time. Ready to begin?

| **E_intro** intro to Extra questions section

| For each of the following statements, please indicate how accurately each statement describes you.

| **E2** like handling a situation involving thinking

| I like to have the responsibility of handling a situation that requires a lot of thinking.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E4** prefer situation involving little thinking

| I would rather do something that requires little thought than something that is sure to challenge
| my thinking abilities.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E5** avoid situation involving thinking

| I try to anticipate and avoid situations where there is a likely chance I will have to think in depth about something.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E7** I only think as hard as I have to

| I only think as hard as I have to.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E11** enjoy problem solving tasks

| I really enjoy a task that involves coming up with new solutions to problems.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E12** dislike learning new ways to think

| Learning new ways to think doesn't excite me very much.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E13** prefer life filled with puzzles to solve

| I prefer my life to be filled with puzzles that I must solve.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **E14** enjoy thinking abstractly

| The notion of thinking abstractly is appealing to me.

| 1 Very accurate

| 2 Accurate

| 3 Equally accurate/inaccurate

| 4 Inaccurate

| 5 Very inaccurate

| **vB_intro** verbal analogies intro

| In this survey we are going to show you several words that make up an analogy. There will be a

| blank word at the end of the series that completes the analogy and we would like you to type what

| word goes in the blank. For example, if you see the words "Cat is to Dog as Kitten is to

| BLANK", then you would simply enter the reply of "puppy". Some of the problems may be easy but

| others may be hard. Just do the best you can. There is no credit for answering quickly - it is
| more important to answer the item correctly, but it is okay if you do not know the answer because
| some of the items are intended to be very difficult. You can go on to the next item at any time.
| Ready to begin?
