Well Being 346

intro_module module intro
Thank you for continuing to participate in the American Life Panel. At the end of this survey we
will ask you to invite some of your relatives to join the ALP. For each relative you invite, we will
give you a payment of $[New question] when they complete their first survey. We will reimburse each
of your relatives for completing surveys as a normal ALP member and give them an additional payment
of $[New fill] for their first survey. To facilitate this, we will ask you about the composition of
your family and how you communicate with the people in your life, especially through devices that
connect to the internet.

intro_preloading preloading intro
The next few questions will ask about your family composition. To make it easier for you to complete
these questions we will present you with information that you gave us in previous surveys. It could
take up to 2 minutes for each question to load. Please just be patient until the next question
screen appears.

intro_roster roster intro
The next few screens will list some of your relatives and display basic information about them that
you gave in previous surveys. Please verify that the information is correct and complete. If not,
please modify and/or add to the next few tables as appropriate. NOTICE: For the rest of the
survey we will refer to your relatives by their first names. Please make sure that the names listed
are the names that you would like to use.

parents_intro parents intro
Thank you for that information about your children. We will now ask you some questions about your
parents. To make it easier for you to complete these questions we will present you with information
that you gave us in previous surveys. It could take up to 1 minute for the information to load.
Please just be patient until the next question screen appears.
