

## Well Being 40

### A0 presidential election intro

In this interview, we will ask you questions about the upcoming general election for President of the United States. The presidential election is scheduled for Tuesday, November 4, 2008. Many of the questions ask you to think about the percent chance that something will happen in the future. The percent chance can be thought of as the number of chances out of 100. You can use any number between 0 and 100. For example, numbers like: 2 and 5 percent may be "almost no chance", 20 percent or so may mean "not much chance", a 45 or 55 percent chance may be a "pretty even chance", 80 percent or so may mean a "very good chance", and a 95 or 98 percent chance may be "almost certain"

IF random choice for A2 & A3 = 1 THEN

| [Questions A2a to A2a\_total are displayed as a table]

| **A2a** obama mccain vote

| Suppose that Barack Obama is the Democratic candidate and John McCain is the Republican candidate. If you do vote in the presidential election , what do you think is the percent chance that you will vote for:

| **A2a\_1** obama

| Barack Obama (Democrat)

| Integer

### **income** INCOME

Which category represents the total combined income of all members of your family (living here) during the past 12 months? This includes money from jobs, net income from business, farm or rent, pensions, dividends, interest, social security payments and any other money income received by members of your family who are 15 years of age or older.

- 1 Less than \$5,000
- 2 \$5,000 to \$7,499
- 3 \$7,500 to \$9,999
- 4 \$10,000 to \$12,499
- 5 \$12,500 to \$14,999
- 6 \$15,000 to \$19,999
- 7 \$20,000 to \$24,999
- 8 \$25,000 to \$29,999
- 9 \$30,000 to \$34,999
- 10 \$35,000 to \$39,999
- 11 \$40,000 to \$49,999
- 12 \$50,000 to \$59,999
- 13 \$60,000 to \$74,999
- 14 \$75,000 to \$99,999
- 15 \$100,000 to \$124,999
- 16 \$125,000 to \$199,999
- 17 \$200,000 or more
